

## CONDITIONS FOR VEHICLE ACCESS TO THE TRACK

All production vehicles will be accepted, with the exception of any that exceed a sound level of 103 dB measured at the exhaust according to the regulations.

>>>> Every vehicle must be in a condition that complies with Belgian traffic regulations and must not exceed the maximum sound level of 105 dB. Strict testing will be done at the exhaust, measured with a sound level meter at 1 meter from the exhaust, at 45 degrees, with the engine running at 75% of the maximum rpm (to avoid any misunderstandings, you must be able to produce the manufacturer's technical specifications).

A "sticker" DB will be put on your window

!! Only Road tire's in perfect condition will be accepted on the race track !!

It is very important to carefully check your tire pressure before entering the track.  
increase the manufacturer's maximum recommended pressure with 200 gr

Check all your mirrors

Move all objects who aren't fixe in the car or in the trunk

You have to foresee a towing attachment on the front site of your car

Be careful regarding the fuel

Check your breaks before arrival

The following vehicles will not be accepted:

- Prototypes and single-seaters
- Single-seaters – motorhomes - light trucks – SUV
- Vehicles with fewer than four wheels
- Competition vehicles
- Any car fitted with 'slicks' (racing tires that are smooth and have no treads).
- Convertibles without a roll bar

## CONDITIONS FOR DRIVER AND PASSENGER ACCESS TO THE TRACK

The driver must be at least 18 years old and hold a driving licence (category B), which must be presented.

The driver and passenger must be registered and have signed the waiver.

The passenger can buy at the Duplex Launch nr 1 a wristband (40€/wristband) (max. 3 wristbands per car)

Driver and passenger must each wear a helmet and fasten their seatbelt.

**Minimum age required for the passenger is 16 years.**

**The Identity card has to be presented upon arrival as proof.**

## SAFETY REGULATIONS

- Helmets and fastening seatbelts obligatory
  - The first reconnaissance lap will be driven behind a pace car for each group. Passing the pace car is expressly forbidden.
  - To enter the track, all participants must use the pit lane specified during the briefing.
  - At the end of each session, the red lights on the marshal stations will turn on and the red flags will be waved. All participants will have to return immediately to the pit lane in the paddock, at a moderate speed. The same procedure may be performed at the safety services.
- 
- If a participant breaks down on the track, he must push his car as close as possible to the guard rail or wall and wait behind the guard rail until the session ends for the rescue vehicle to pick him up.
  - Driving against traffic or in reverse on the track is strictly forbidden.
  - The maximum speed allowed in the pit lane is 60 km/h. The maximum speed allowed in the paddock is 30 km/h.

- In the event of an incident, only safety service vehicles with their equipment, crew and emergency doctor onboard are allowed to enter the track to address the incident.
- Respect in any case the flags presented by the Marshalls
- Keep a safety distance between each car. Car chasing, aggressive overtaking or dangerous carpooling will be sanctioned by neutralizing of the track, the cars who are involved will be excluded directly
- Overtaking: only permitted at straight lines.
- The car which is overtaking is the only one who can change the line. The slower car has to let pass the other one.

>>> Any infringement of the regulations by a participant or any dangerous behavior may be penalized by the exclusion of the driver and the vehicle for the day.

## WAIVER

Every pilot and passenger must sign a waiver at the time of registration and pay the balance of the registration.

Do not forget to enter your e-mail address, your mailing address and your mobile phone number as well as information on the car you will be using.

Don't forget to mention the date, "read and accepted" and your signature

In order to do the check in faster, you are able to [download the waiver](#) in advance, to print it out and to fill it in.
