

CIRCUIT DE SPA-FRANCORCHAMPS

HOSPITALITY OFFER

GENERAL INTRODUCTION

Spa-Francorchamps is a legendary Circuit renowned in the four corners of the world for its track, its world-famous events, and for its exceptional setting at the heart of the Ardennes forests.

We have experience in organising large-scale events that are offered both to professionals and individuals: seminars, weddings, shows, team building and staff parties ranging from 5 up to several hundred people.

The Circuit has a large range of meeting rooms, presentation rooms and reception areas at its disposal varying in size from 50m² to 1,000m².

One of the main advantages of the Circuit is that these rooms or spaces, besides giving you free and unlimited WiFi access, can be adapted or configured to suit any type of event: work in a small room and then have a plenary meeting, from 5 to 600 individuals per room... Adaptability is at the heart of our approach in order to best match your needs.

The Circuit also offers you numerous activities to liven up and make the most of your days: track introductions, guided tours and team building.

Motorway access is easy and well signposted, and our large parking areas are at the disposal of your guests, for carefree organisation.

The Circuit also offers you a list of approved business partners for catering services and provision of services, in order to offer you an "all-in" service suitable for every budget.

Consult the full schedule/calendar in order to pair your event with high-profile activities taking place on the track and/or in the surrounding area – so as to offer your guests a lasting, unforgettable memory.

TRACK INTRODUCTION SESSIONS

The track introduction: Offer an **unforgettable experience** to your guests !

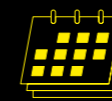

The track introduction is a unique opportunity of discovering the Circuit of Spa-Francorchamps from the inside by being a passenger in a racing car under the control of a professional driver.

Your customers or your team will certainly remember this experience and will relive it and share it when gathered around the soft drinks made available in a F1 pit, and everyone will leave with a gift in the Circuit colours.

This exclusive track introduction is organised on request throughout the year in the daytime or evening (depending on the calendar schedule) with a minimum of 10 persons (maximum 300 persons). You have the option of combining the track introduction with a guided tour of the Circuit or with one of the many team-building activities proposed by our partners in the organisation of events .
